**District 106 Leadership Committee’s Report**

March 24, 2022

The D106 District Leadership Committee’s (DLC) purpose is to ensure the long-term success of the district through nominating candidates for the leadership roles of the district. Through an open process, the committee seeks out potential candidates, interviews and evaluates them, and then submits a selection of candidates for the district to vote upon at the annual business meeting.

From November 2021 through March 2022, the DLC recruited, evaluated, and interviewed the nominees. The committee focused its process on a self-survey of a nominee’s leadership experience, Toastmasters experience and knowledge, leadership style and readiness to lead, and willingness to serve the members of the district.

The District Leadership Committee submits the following candidates for leadership in the 2022-2023 Toastmasters year:
