Please see below for a listing of the alignment.

Protocol 7.0: District Structure Club Assignments

- A. Area and Division organization is defined and described in [Article XII](#), Sections 1, 3(b), and 3(e) of the Bylaws of Toastmasters International and in [Article VI of the District Administrative Bylaws](#).
- B. When a new Member club is organized, it is assigned to the District within which boundaries it meets. Exceptions are only considered with the concurrence of the District Councils involved and with the approval of the Board of Directors.
 - . The assignment of a new club to an Area is made by the District Director, subject to approval by the District Executive Committee.
 - I. Changes to the alignment of a new club must be reported to World Headquarters by the District Director within 30 days of the club's charter date. Any changes received after 30 days will not be reflected until the following July 1.
- C. When a club moves its meeting location into the geographic boundaries of another District, its District affiliation does not change until the next July 1. This change must be reported to World Headquarters and both District Directors within 30 days of that date.
- D. The best interests of the clubs and District are taken into consideration when assigning clubs to Areas.
 - . Areas consist of four (4) to six (6) clubs; however, an Area may consist of three (3) clubs on July 1 only when an effort to charter a fourth club is in process.
 - I. Under no circumstances may an Area have more than six (6) clubs on July 1.
 - II. Advanced clubs may not be segregated into Areas.

- III. Areas may be segregated by language, subject to the approval of the District Council.
- IV. Districts assign clubs to Areas based upon:

 - a. The ability of an Area Director to effectively provide service, without requiring the clubs to change how meetings are conducted to accommodate an Area Director visit
 - b. Club size and strength (e.g., paid, active, disbanding)
 - c. Prospective clubs and expected growth
